CAREER SUMMARY

Creative and detail-oriented web developer with a passion for crafting simple yet impactful digital experiences. Skilled in full-stack development and DevOps, I enjoy building user-friendly platforms that blend functionality with aesthetics. As a freelancer and tech enthusiast, I love experimenting with new technologies and sharing knowledge through blogging. I believe every project reflects its creator's dedication and strive to bring that mindset into my work.

EDUCATION

M.C.A. (Present) - Rajasthan Technical University, Kota

B.C.A. (2021 - 2024) - Jaipur National University, Jaipur, India

KEY SKILLS

- Web Development: HTML, CSS, JavaScript, Bootstrap, React, Typescript, MongoDB, Tailwind, php
- Tools: Git, GitHub, Figma, Webflow, VS Code, Postman, MS Office Suite, Google Workspace
- Soft Skills: Leadership, adaptability, problem-solving, effective communication
- Languages: English (Professional Proficiency), Hindi (Professional Proficiency)

PROJECT

◇ Personal Portfolio Website | HTML, CSS, JavaScript

Designed and developed a responsive personal portfolio website to showcase my skills, projects, education, and contact information. Implemented smooth scrolling and modern UI elements for enhanced user experience. Tech Stack: HTML5, CSS3, JavaScript
